

164th Avenue SE, from SE 43rd Street to SE Newport Way

\$50,000

This project would delineate a walkway within the existing shoulder on the west side of 164th Avenue SE, between Newport Way and SE 43rd Street. The walkway would be defined with profiled paint and pavement markings. This project would include analysis and potential installation of a new crosswalk, if needed. Parking would need to be restricted on the west side of the roadway.
